Dear Mr. Whitwer:

Enclosed are the reports on Colbert Landfill I described to you last week. A fact sheet is being printed describing the alternatives and you will receive copies of that as well.

Copies are also available for review at North Spokane Library, E. 44 Hawthorne Road, Spokane, 99218, and Eastern Regional Office, Department of Ecology, N. 4601 Monroe St., Suite 100, Spokane, 99205.

Since you are the closest repository to the site, we expect quite a few people may come to your office. Thank you very much for making your facility available.

Sincerely,

Mimi Sheridan
